What is the IEPRC?

The Indiana IEP Resource Center (IEPRC) offers an array of services to assist Indiana schools and students by providing resources, professional learning, and technical assistance related to the Indiana IEP system (IIEP), Article 7 compliance, and Individual Education Program (IEP) processes. The IEPRC collaborates with the Indiana Department of Education to promote a belief in shared responsibility and equitable access benefiting all students.

The Indiana IEP Resource Center (IEPRC) is funded through Part B federal funds distributed by the Indiana Department of Education (Statutory Code 34 CFR §300.704) to Indiana State University (ISU). The IEPRC is a project of ISU’s Blumberg Center for Interdisciplinary Studies in Special Education, an established “Center of Excellence” in providing professional learning opportunities and technical assistance statewide.
