Director's Message

This past year Indiana educators worked diligently to overcome the challenges presented by the pandemic. Administrators gathered information, made decisions, and implemented practices to ensure staff and students were safe in the school environment. Teachers adapted lessons to convey the academic standards across settings while still establishing and maintaining relationships and addressing the social-emotional and behavioral needs of students. The Indiana IEP Resource Center (IEPRC) did our best to respond to the needs of educators during these unprecedented times by expanding our offerings to virtual and hybrid events.

The IEPRC will continue to provide services to meet the needs of educators during the 2021-2022 school year. Our training schedule offers a robust listing of workshops delivered in a variety of formats and locations presented at no cost to you. Browse this catalog for an overview of our scheduled workshop options or request a workshop at your site. This year we are offering new topics: *Data-Based Problem Solving within a Multi-Tiered System of Support* and *Essentials for Public Agency Representatives*.

We have made every attempt to offer you the most timely and critical information to better serve the needs of students and look forward to seeing you at future events.

Jolly Piersall, Director

IEPRC Self-Paced Modules

The Indiana IEP Resource Center is now offering online self-paced modules – professional learning at any time! These independent learning opportunities reflect a variety of educational topics targeted to meet the needs of Indiana educators and can be completed at their convenience. Upon completion, educators are prompted to complete an evaluation and will earn a certificate of completion reflecting Professional Growth Points (PGPs).

Current offerings include:

- Indiana IEP System for Multidisciplinary Team Members
- Indiana IEP System for Administrators
- Indiana IEP System for Teachers of Record
- Indiana IEP System Walkthrough
- Indiana IEP System Walkthrough for Administrators
- Advanced Reporting: The Basics of Reporting and Data Collection
- Writing Skill-Based Annual Goals

Additional modules are added based on needs.

For more information and to access the online modules, go to <https://indianaieprc.org/LMS/>.
