

Accommodations and Modifications

Accommodations

An accommodation is a support or service that is provided to allow a student the opportunity to fully access the general education curriculum. Accommodations provided during classroom instruction and assessments must also be provided during state assessments, if permitted.

- Change the way a student can respond
- Allow students with disabilities the opportunity to complete the same curricular activities as peers
- Keep intact the objectives of the content or activity
- Enable the student to bypass the effects of the disability
- Help remove barriers

Modifications

Modifications are changes to course content, required work, or instructional level. They change the learning goal for an individual student and are used when the general curriculum is too advanced for a student. Modifications usually involve changing an assignment or objective.

- Individualizes changes made to the content and performance expectations for students
- Change the **complexity** level of information
- Modify the course or activities/objectives to meet the needs of the learner
- Allow a student with a more significant learning need to experience the same curriculum as his or her peers, but with different learning outcomes
- Utilizes different grading criteria and/or credits received compared to peers
